CARINGBAH NSW 2229

Dear Ian, Lachlan, Justin, Nicholas, Kelvin, Hayden, and Spencer

I was delighted to hear of your win at this year's International Space Settlement Design Competition.

Going up against teams from around the world, you beat the odds and came out on top. Well done!

It's unfortunate you didn't make it to the Kennedy Space Centre, but I'm pleased you made the most of your experience.

Keep up the great work – you all have big futures ahead of you!

Yours sincerely
