

Creative and Performing Arts

VISUAL ARTS

In Visual Arts students explore a range of artmaking techniques such as painting, sculpture, drawing, ceramics, design, photography, film and animation. We also offer a range of extra-curricular opportunities and after-school art workshops.

MUSIC

In Music students learn to play a range of instruments such as guitar, strings, keyboard, wind and brass, along with digital music production. They get the opportunity to work with industry professionals.

PHOTOGRAPHY & DIGITAL MEDIA

In Photography & Digital Media students create Photographic works using Darkroom practices, Digital Media and Film, Video and Animation. They work with industry professionals and go on excursions to shoot on location.

DRAMA

In Drama students work on group and individual performances. They explore a range of extra-curricular workshops such as Theatre Sports, incursions and excursions and attend a range of professional plays and performances.
